

CONTAINER TRUCKING IN FINLAND

We transport yearly over 10,000 sea containers from all container ports in Finland to customers and vice versa. SA-TU Logistics has the Reliable Partner certificate, which indicates that our services meet the requirements of the Finnish Contractor's Liability Act, as well as Authorised Economic Operator (AEO) certificate. Moreover, we also produce the harbour documents when needed, and as an additional service, customs clearance for non-EU shipments.
